EDITION

A photograph of a modern office workspace. In the foreground, a dark, rectangular desk sits on a light-colored wooden floor with a herringbone pattern. On the desk, there is a white power cord plugged into a black power strip, and a small white USB device. In the background, a blue and white striped office chair is visible. To the left, a potted plant with green leaves and small yellow flowers sits on a white surface. A large window on the left side of the frame shows a view of greenery outside. A semi-transparent dark green rectangular box is centered over the desk, containing white text.

We have selected a range from our wide collection, that meets the requirements for a contemporary workspace at the office.

Enjoy and get inspired...

**Work from
anywhere.**

With our multi-
functional and
versatile tables.

800 SOLID

HOME EDITION

Innovative technology meets contemporary design. With Elements, we have created the award-winning sit-stand innovation that leaves nothing to be desired.

Now, we've added Elements desks in smaller dimensions and optional castors to our collection. This makes the desk ideal to use as a flex workspace in the office or at home.

Activate your smart workplace.

A dedicated workspace in your home helps you set aside household distractions and focus on work.

DO NOT COMPROMISE **YOUR HEALTH.**

The importance of having an ergonomic workspace is the same when working from home. Unlike in the office, there is not enough room for a large desk in every household. In order to get as much living space as possible and still have enough space to work, it is worth looking at smaller and multifunctional desks.

CHANGE YOUR **WORKING POSITION**

The Steelforce Pro 100 Hand Crank has an adjustable crossbar. The ability to adjust width makes it extremely versatile and is a good solution in large as well as small homes where a workstation is needed. The wheels allow the table to be easily positioned as needed, while the height adjustment of the table allows you to always change your working position.
